

Daryl Watson Jr, Project Manager

"Work and you'll get what you need; work harder and you'll get what you want.." Prabakaran Thirumalai

Daryl has been in the construction industry for many years and has worked in various roles. He is currently serving as a project manager. When not at work you will find Daryl with my family having fun at the lake or playing games with them at home. He is the definition of an outdoorsman. Building drones, shooting and reloading, sitting in a tree stand or getting a line wet are his favorite hobbies.

He has been told that he can “compete with the best” after people try his smoked BBQ. He enjoys cooking in the kitchen, on the grill, or the smoker. He likes to learn everything about anything and enjoys sharing that knowledge with others. Actually, his friends call him "google." Daryl is best described as a hard-working father, fiancé and hobbyist.
