

DEBBIE ADKINS, ACCOUNTING ASSIS.

"It is what it is."

Hidden Valley Homes is so much more than a company... it's a family and no member is more or less important than another. That's why Debbie Adkins feels so fortunate to have been embraced by the HVH family as one of their most recent hires. As an accounting assistant, Debbie works closely with accounting manager EmaJean Bean and considers EmaJean not only a close friend, but a mentor, as well. Debbie is a quick study, able to learn new programs and accounting standards with ease. Though many people consider accounting to be a solitary activity, Debbie says the best part about her job is working with and getting to know the many vendors who work with Hidden Valley Homes. With Debbie's bright smile and kind demeanor, we're pretty sure the vendors say the same thing about her! When not crunching numbers, Debbie enjoys spending time with her three sons, reading, traveling and playing golf. She is a friend to all she meets!
